C.No.675/47.D.1. D/7-8-1947.

Sir,

Sub:- Malaria - Hospet Municipality - Raya and Basavanna channels Maintenance of - Payment of grant - Requested.

Ref:- Memorandum No.53923/47-2 E-1-P.H D/24-7-47 of the Government, Education & P.H. Department.

...oOo...

In the Government Memorandum quoted above, it is stated that the annual recurring grant of Rs.432/- towards the maintenance of the irrigation channels in Hospet Municipality, in good sanitary condition will not be paid to this Municipal Council in view of the improvements that are going to be made, in respect of the said channels as a permanent antimalarial measure as per G.O.No.MS:1616 P.H. D/10-5-47.

In this connection I submit that the said work has not yet been commenced and this Municipality is still looking after the up keep of the channels. The financial condition of this Municipality is not so satisfactory as to meet the expenditure on this side without the aid of the Government. Therefore I request the Government may be pleased to sanction the annual recurring grant of Rs.432/- to the Hospet Municipal Council till the proposed Scheme is completely finished.

Sir,

R. No. 59702-4-Mal.47 dated 29.x.1947.

Sub:- Malaria - Hospet Municipality - Raya and Basavanna channels - Maintenance of - payment of Grant.

---- 2 ante

In retransmitting herewith the paper received with Govt. endorsement No.65940-47-1 El P.H. dated 22.8.47, I have to state that no grants were sanctioned by Government to Hospet Municipality for maintenance of Raya and Basavanna channels for the years 1945-46 and 1946-47. Further no additional expenditure was incurred by the Municipality on account of the above so far, during 1947-48. I consider that it is possible for the antimalaria staff sanctioned for Hospet Municipality from provincial funds, to attend to the above work. The grant requested for by the Commissioner is not therefore recommended.

Please see the letter from the Commr and S.O. Hospet Municipality at page 1 cf, the remarks of the D.P.H and the CE thereon at page 13 cf and p 15 cf respectively.

In G.O. 1616 P.H dated 10.5.47 the Govt approved the proposal of the CE(I) that as a permanent anti-malarial measure the sides of the Raja channel within the Hospet Municipal limits should be paved with cement concrete slabs at an estimated cost of Rs 68400 inclusive of centage charges. Even prior to the approval of the CE's proposal he was requested to report whether the annual recurring grant of Rs 432/- which was being paid to the municipal council towards the maintenance of the irrigation channels in the Hospet Municipality in good sanitary condition could be reduced after the completion of the permanent work proposed to be carried out and if so, to what extent. The CE stated that there would be no need for any Govt grant to the Municipal council for the above purpose for the reasons explained in the Supdg Engineer's letter on page 45 cf of (ii).

(ii) The Commr & S.O. Hospet Municipality was informed accordingly. The Commr & S.O. has now requested that the annual recurring grant of Rs 432/- may be paid to the mpl cl till the proposed scheme of permanent anti-malarial measures is completed. The D.P.H and the CE who were consulted in the matter stated that the Municipality actually received no grants were paid to the mpl cl for the above purpose for the years 1945-46 and 1946-47

that as no additional expenditure was incurred by the Municipality on account of the maintenance of these two channels during 1947-48 no grant should be given. The D.P.H also considers that it is possible for the anti-malaria staff sanctioned for the Hospet Municipality to attend to the above work. In the circumstances stated by the D.P.H and agreed to by the CEI, it is for orders whether the mnl council's request for a recurring grant may be negatived.
